1.3 LOOKED AFTER CHILDREN

**POLICY STATEMENT** 

Meadow Nursery is committed to providing quality provision based on equality of opportunity for all

children and their families. All staff in the setting are committed to doing all they can to enable

'looked after' children in their care to achieve and reach their full potential.

Children become 'looked after' if they have either been taken into care by the local authority or have

been accommodated by the local authority (a voluntary care arrangement). Most looked after

children will be living in foster homes, but a smaller number may be in a children's home, living with

a relative or even placed back home with their natural parent(s).

The nursery recognises that children who are being looked after have often experienced traumatic

situations. Whatever the reason, a child's separation from their home and family signifies a

disruption in their lives that has an impact on their emotional well-being. For young children to get

the most out of educational opportunities, they need to be settled enough with their carer to be able

to cope with further separation, a new environment and new expectations made upon them.

**Principles** 

The term 'looked after child' denotes a child's current legal status; this term is never used to

categorise a child as standing out from others. The nursery does not refer to such a child using

acronyms such as LAC.

The nursery offers places for funded three and four-year-olds who are in care to ensure they

receive their entitlement to early education. It is expected that a child will have been with a foster

carer for a minimum of one month and that they will have formed a secure attachment to the carer.

It is expected that the placement in the setting will last a minimum of six weeks.

The nursery offers 'stay and play' provisions for a child who is 2 years 9 months to five years

old who is still settling with their foster carer, or who is only temporarily being looked after.

• Where a child who normally attends the setting is taken into care and is cared for by a local

foster carer, the nursery will continue to offer the place for the child.

**Procedures** 

The designated person for looked after children is the designated child protection

co-ordinator, Debbie Hill, Nursery Manager.

• Every child is allocated a key person before they start and this is no different for a looked

after child. The designated person ensures the key person has the information, support and training

necessary to meet the looked after child's needs.

The designated person and the key person liaise with agencies, professionals and

practitioners involved with the child and his or her family and ensure that appropriate information is

gained and shared.

• The setting recognises the role of the local authority children's social care department as the

child's 'corporate parent' and the key agency in determining what takes place with the child. Nothing

changes, especially with regard to the birth parent's or foster carer's role in relation to the setting,

without prior discussion and agreement with the child's social worker.

• At the start of a placement there is a professionals meeting to determine the objectives of

the placement and draw up a care plan that incorporates the child's learning needs. This plan is

reviewed after two weeks, six weeks and three months. Thereafter at three to six monthly intervals.

• The care plan needs to consider issues for the child such as:

- their emotional needs and how they are to be met;

how any emotional issues and problems that affect behaviour are to be managed;

their sense of self, culture, language(s) and identity – and how this is to be supported;

their need for sociability and friendship;

their interests and abilities and possible learning journey pathway; and

how any special needs will be supported.

• In addition the care plan will also consider:

how information will be shared with the foster carer and local authority (as the 'corporate

parent') as well as what information is shared with whom and how it will be recorded and stored;

what contact the child has with his/her birth parent(s) and what arrangements will be in

place for supervised contact. If this is to be at the setting, when, where and what form the contact

will take will be discussed and agreed;

what written reporting is required;

wherever possible, and where the plan is for the child's return home, the birth parent(s)

should be involved in planning; and

- with the social worker's agreement, and as part of the plan, the birth parent(s) should be

involved in the setting's activities that include parents, such as outings and fun-days etc alongside

the foster carer.

• The settling-in process for the child is agreed. It should be the same as for any other child,

with the foster carer taking the place of the parent, unless otherwise agreed. It is even more

important that the 'proximity' stage is followed until it is visible that the child has formed a sufficient

relationship with his or her key person for them to act as a 'secure base' to allow the gradual

separation from the foster carer. This process may take longer in some cases, so time needs to be

allowed for it to take place without causing further distress or anxiety to the child.

In the first two weeks after settling-in, the child's well-being is the focus of observation, their

sociability and their ability to manage their feelings with or without support.

Further observations about communication, interests and abilities will be noted to form a

picture of the whole child in relation to the Early Years Foundation Stage prime and specific areas of

learning and development.

Concerns about the child will be noted in the child's file and discussed with the foster carer.

• If the concerns are about the foster carer's treatment of the child, or if abuse is suspected,

these are recorded in the child's file and reported to the child's social care worker according to the

setting's Safeguarding Children and Child Protection policy and procedure.

Regular contact should be maintained with the social worker through planned meetings that

will include the foster carer.

• The transition to school will be handled sensitively. The designated person or the child's key person will liaise with the school, passing on relevant information and documentation with the agreement of the looked after child's birth parents.

## **Further guidance**
